

Hedgehog Craft

You will need:

- Two pieces of colourful paper, any two colours
- Googly eyes
- A black marker
- Scissors
- Glue
- Tape
- A pencil
- A small bowl to help draw two circles on a piece of paper
 - o This bowl (or other round object) should be about the size of the bottom of a Lysol container, big enough to make a circle just smaller than the size of your hand. Whatever you decide on should be small enough to make two circles on one paper, but big enough that there isn't much empty space left over. This will make the body of the hedgehog.
- A cup to make a small circle for the face of the hedgehog
 - o This circular object should make a circle a bit smaller than the object used for the body does
