

The Huntsville Festival of the Arts, The Huntsville Art Society and The Monarch Performing Arts Studio present:

During the COVID 19 pandemic the arts have been curtailed for all kinds of reasons. Our organizations have come together in a partnership to support teachers and students with this part of the curriculum.

We are looking for artists interested in creating 5-10 minute instructional videos. While the main focus is for students from grades 5-8, demonstrations that appeal to different ages will also be considered.

Given the COVID restrictions, demonstrations that use materials that are easily accessed at home are encouraged. We also encourage demonstrations that take place or incorporate the outdoors. Honorariums are available for participating artists, as well as support with video recording. Once completed, the instructional videos will be made freely available to teachers and students.

Honorariums for visual artists will be funded through the Brenda Wainman Goulet Memorial Fund, while performing artists will be paid through the Huntsville Festival of the Arts Educational Reserve.

We have included some examples [HERE](#).

If you are a visual artist or a performing artist who would like to share your skill with students in the school system, please contact dan@huntsvillefestival.ca or call 705-788-2787. You can also fill out the online form by clicking [HERE](#)
